WATER SAFETY

- Lake Manitoba conditions can change quickly. Calm water near the shoreline does not mean conditions are safe farther out.
- Strong winds and currents can carry swimmers and inflatables away from shore very quickly.
- If conditions are windy, avoid using inflatables, floaties, and air mattresses on the lake.
- Children should always be supervised near the beach, marina, and docks.
- Life jackets are strongly recommended for all watercraft users, including kayaks, paddle boards, and boats.
- Stay inside marked buoy zones whenever possible.
- Alcohol and water activities are a dangerous combination.

FIRE SAFETY

- Never leave campfires unattended.
- Keep propane appliances and fire pits a safe distance from trailers, trees, and structures.
- Fire bans will be posted at the entrance gate, at the store, and on the park's social media pages.

CAMPGROUND & COMMUNITY SAFETY

- Dogs must be on a leash at all times. Please clean up after your pets.
- Active Trails are shared-use spaces. Help keep them safe and enjoyable for everyone. NO ATV's or Side by Sides ALLOWED
- Severe weather can move in quickly. Secure umbrellas, tents, canopies, and loose items during windy conditions.
- Report unsafe behaviour, damaged infrastructure, or hazards to Park Management as soon as possible.
